2

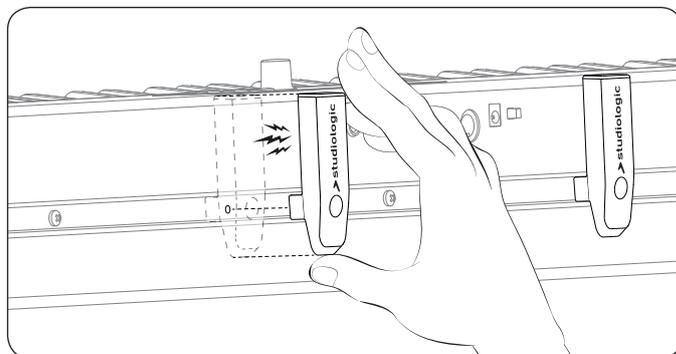

## PLEASE NOTE:

The SL Accessories are designed to ensure their positioning through the magnetic brackets. However it is possible to further improve their strength by fixing the magnetic brackets using the screws of the back of the cabinet.

## Welcome!

Thank you for choosing this magnetic music stand / computer plate. You have obtained a state-of-the-art product made by Studiologic.

**Please read the entire user guide thoroughly and keep it for further reference.**

## Intended use

This product is designed to operate as magnetic music stand / computer plate for compatible musical instruments only. Unauthorized conversion and/or modification of the device are inadmissible because of safety and approval reasons (CE). Any usage other than described above is not admitted and can damage the product.

## Cleaning / Maintenance

Never use any abrasive detergent, which may damage the surface. We recommend a slightly moist micro-fibre cloth. Do not disassemble the product.

## Warranty

Every Studiologic product has been carefully manufactured and tested. All this enables a warranty of two years from the date of purchase. Damages due to incorrect transport, mounting or handling are not covered by this warranty. Compensation of more than the price of the device is excluded.

## State of the Art

To ensure maximum quality, all devices from Studiologic are always engineered to be state-of-the-art products. Therefore updates, modifications and improvements are made without prior notice. The product appearance may vary from this user guide.

## Compatibility

Studiologic excludes the liability for damages which derive from using this product with devices not declared compatible.

## Declaration of Conformity

This is to certify that the product is RoHS compliant and meet the requirements and specified limits of restricted substances according 2002/95/EC directive.
