1 What is USB PTZ Camera Controller

1.1 Introduction to USB PTZ Camera Controller

The software enables users to control the PTZ camera and modify its settings, providing convenient camera control during a video conference.

1.2 Applicable to: VC-B20U, VC-B30U

2 Connections and Installation

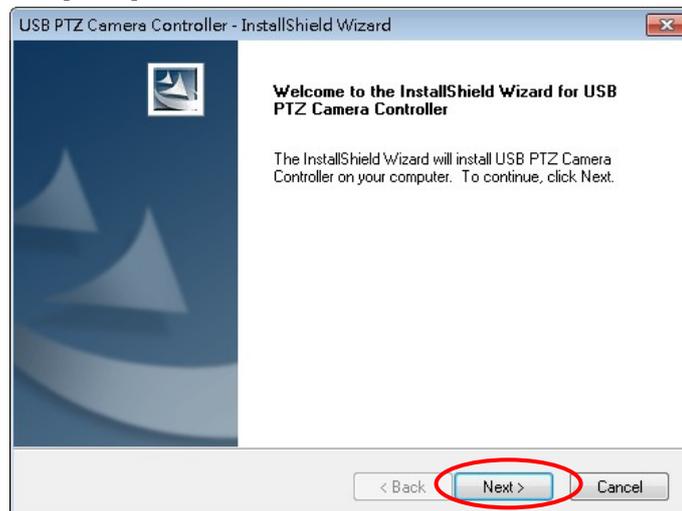

2.1 System Requirements

- ◆ OS: Windows 7 / 8 / 8.1 / 10
 - CPU: Intel Core 2 Duo 2 GHz or above
 - Memory: 1 GB (32-bits)/2 GB (64-bits) RAM
 - Min Hard Drive Space: 1 GB or above
 - Min Resolution: 1024 x 768
 - Supporting Direct X 9

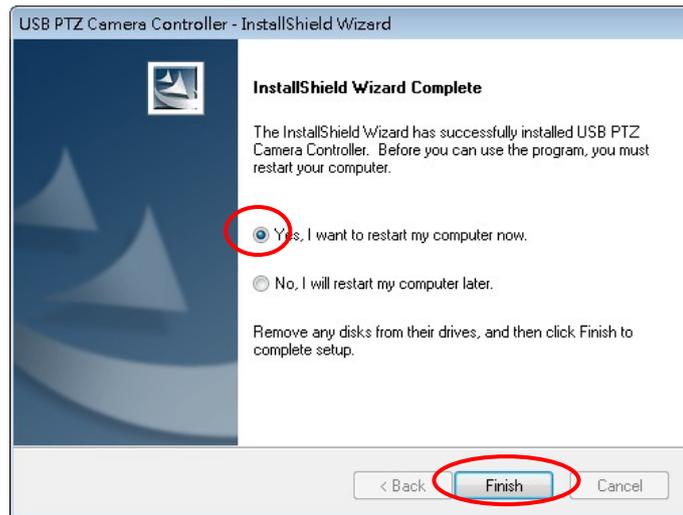

- ◆ OS: MAC OS X 10.8 ~ 10.12
 - CPU: CPU: Intel Pentium® 2 GHz Intel Core 2 Duo
 - Memory: 1 GB DDR2 667 Hz RAM or above
 - Min Hard Drive Space: 1 GB or above
 - Min Resolution: 1024 x 768
 - 24-bit display
 - QuickTime: 7.4.5 or above

2.2 Installing USB PTZ Camera Controller on Windows

- 2.2.1 Click [**setup.exe**] to enter the installation screen, then follow the instruction on the screen to click [Next].

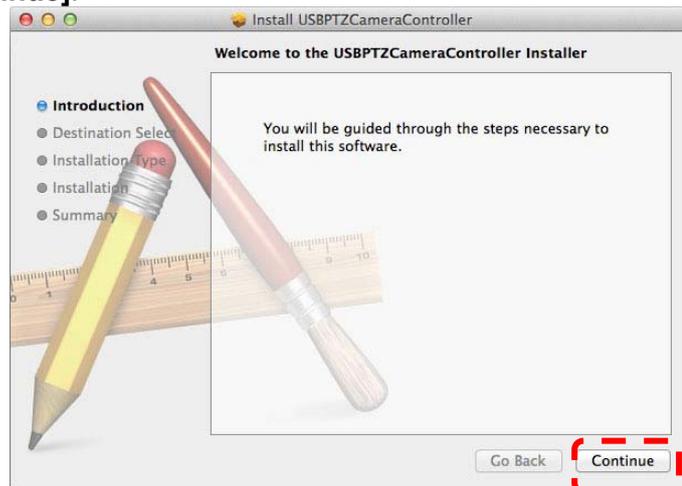

2.2.2 Please **[Restart]** the computer to complete the installation.

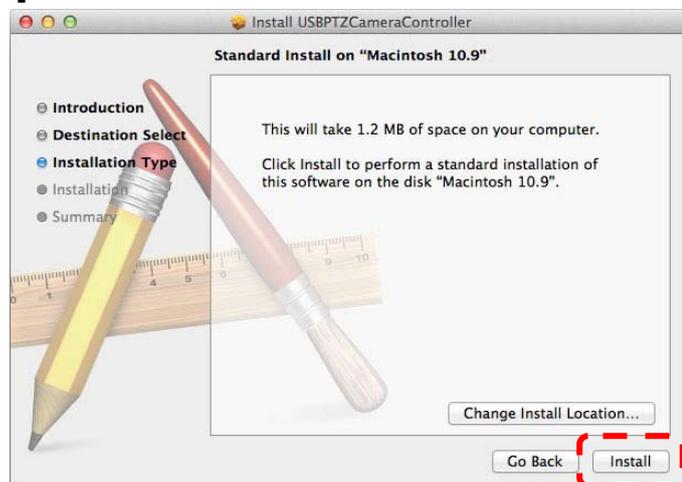

2.3 Installing USB PTZS Camera Controller on a MAC

- 2.3.1 Please download **USB PTZ Camera Controller** software on the **Lumens™** website.
- 2.3.2 Extract the file downloaded and then click **[USBPTZCameraController.pkg]** to install.
- 2.3.3 Please finish the installation by following the on-screen instructions.
- 2.3.4 Click **[Continue]**.

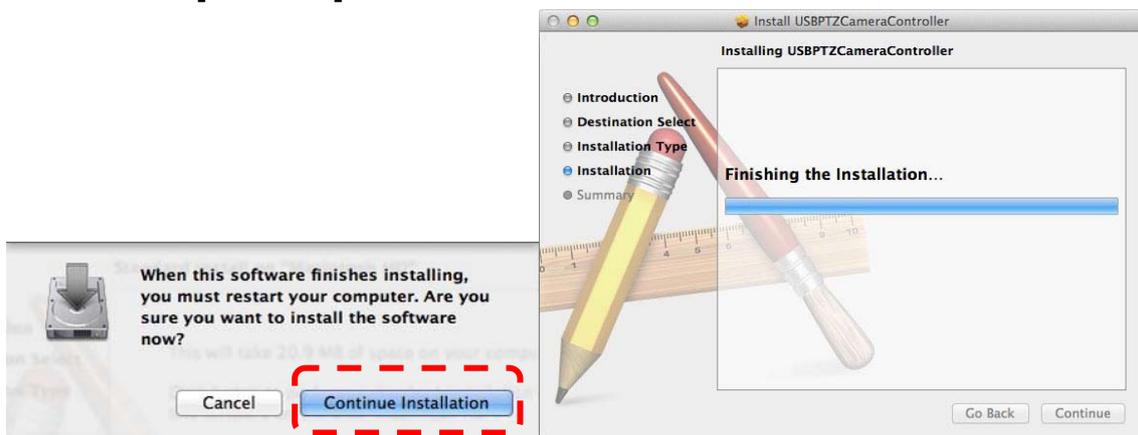

2.3.5 Click **[Install]**.

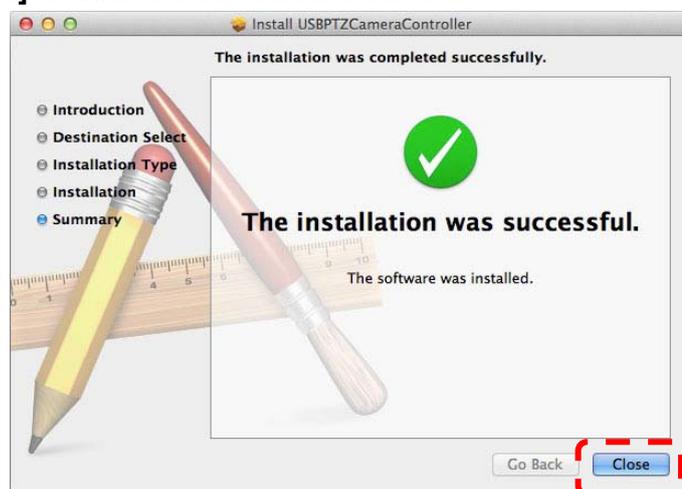

2.3.6 Enter the username and password, and then press **[Install Software]**.

2.3.7 Click **[Continue]**.

2.3.8 Press **[Restart]** to finish the software installation.

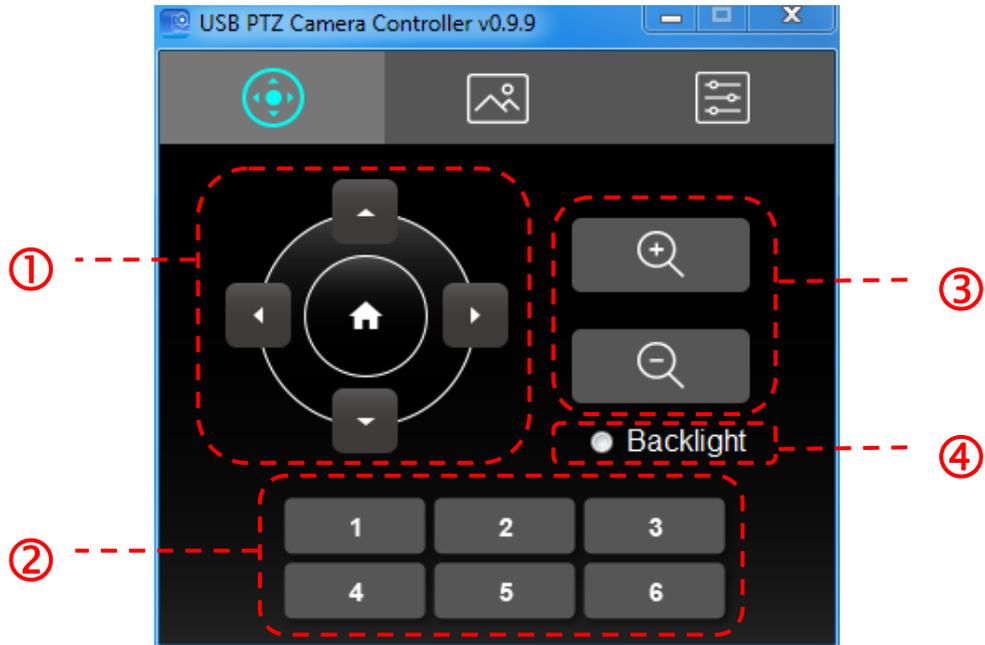

3 Start Using

Before launching the software, please ensure that the camera is correctly installed. Only launch **USB PTZ Camera Controller** after the video conference begins.

4 Function Description

4.1 PTZ main Screen

This screen offers a set of commonly used camera functions.

3. Select [Manual]
4. Adjust [Focus]
5. Click [x] on the top right corner of the window once the parameters are set

6 Troubleshooting

6.1 My subject's face is underexposed because of a strong backlight.

Solution:

1. Activate BackLight

6.2 I have launched the USB PTZ Camera Controller but I cannot control the camera.

Solution:

1. Please ensure that the VC-B20U is connected to a power source.
2. Ensure that the USB is connected.
3. If the problem persists, please contact our distributors or service center.

6.3 I am unable to Pan / Tilt the camera.

Solution:

1. Please ensure that the preview screen is open.
