

SIBELIUS 8 Stažení instalačních souborů a aktivace

Po zakoupení notačního programu Sibelius je třeba stáhnout instalační soubory z internetu (pokud není zakoupen instalační balíček - 4 DVD) a program Sibelius aktivovat kódy, které budou dodatečně vygenerovány dodavatelem (Avid) a vloženy do vytvořeného účtu uživatele na stránkách www.avid.com

Po zakoupení programu Sibelius zákazník obdrží certifikát s odkazem, jehož součástí je i dočasný kód (zadní část odkazu, začínající SIB...). Po kliknutí na tento odkaz nebo jeho zadání do příkazového řádku internetového prohlížeče se otevře stránka dodavatele Avid s pokyny pro přihlášení do vytvořeného účtu nebo je třeba vytvořit nový účet.

Další postup se může lišit podle typu zakoupené licence programu Sibelius:

Sibelius nebo upgrade z nižších verzí

Základní plná jedno-licence s možností instalace a aktivace na dva počítače jednoho uživatele (neměly by běžet obě licence současně).

- Přihlášení vlevo (Sign In ...) nebo vytvoření nového účtu, vpravo Create ...
